Dodge Is Ready With New Fast 4-Cylinder Car

New Line Reported Made Up of Fastest Fours in America

DETROIT, July 14.—It was learned today from authoritative sources that Dodge Brothers will shortly make a sensational announcement, probably concerned with a new line of "fours." While nothing definite is available as to price or specifications, it is said that the new cars are to be the fastest "fours" in America and that they are to be priced at new low levels.

It is also reported that the new cars will be more economical to operate than any cars of the same size ever built. The body designs are said to be more radical than anything Dodge Brothers have undertaken in the four-cylinder field, in all-around beauty and excellence of appointments, in fact, the new cars are said to be unequalled by anything in their price class.

Announcement of this entirely new line of "fours" is considered by the Dodge company to be equivalent to a challenge to the whole industry in the four-cylinder field. If such a line is marketed it is assured that the enormous resources of Dodge Brothers factories and the support of one of the greatest dealer organizations in the industry's history will be solidly behind it.

Should the new cars prove to be the fastest fours in America, Dodge Brothers will have one of the greatest selling advantages in its history. In the past this company has always emphasized the dependability of its car. Nothing has ever been claimed as to their speed except that it has always been ample. Now with a four which combines great speed with the traditional qualities of Dodge Brothers, the company should be in an enviable position.

Allen H. Faull handles the Dodge territory in Torrance and Lomita.

'High Stakes' Snappy Comedy at Morosco

"High Stakes," opening at the Morosco Theatre, Los Angeles, is a snappy comedy which ran for one year on Broadway and six months in Chicago, and has been a success, wherever it has been shown.

Woods purchased the play from Willard Mack, the author of such other hits as "The Noose," "The Dove," "Fannie," "Kick In," "Smooth as Silk," and "Tiger Rose," as a starring vehicle for Lowell Sherman, who was then under contract to him.

John Littel is taking the role of the disappointed playwright which Sherman created. Kay Hammond and Mitchell Harris take the other leads. With such a splendid cast, "High Stakes" will be presented to the Los Angeles public with a company equal in every respect to Woods' original cast.

An unusual feature of "High Stakes" is a daring scene in which the double standard of morals is attacked. This takes place, however, in a situation that is filled with humor, as is the rest of the comedy.

Described as the world's funniest comedy, "Rookies," with Karl Dane and George K. Arthur featured as a new comedy team, is now playing at the Rialto Theatre. Marceline Day plays the leading feminine role.

In the cast assembled by the Hollywood Play House and Director A. Leslie Pearce for "If I Was Rich," the William Anthony McGuire comedy which opens the night of the 18th inst., four members of the original New York company will be included, the management announces.

Gay Seabrook and Phil Tead head the company.

Heroes' Mothers Get Ivy From Argonne

War mothers of America are being offered a bit of growing ivy plucked from Argonne's battlefield. Any American mother whose boy paid the supreme price may have this memento by writing to Mrs. Frank Vandaff, Scarborough-on-the-Hudson, N. Y., giving the son's name, his regiment and number, and the mother's full name and address.

After the smoke of the eleventh day of the eleventh month at the eleventh hour had cleared away, Mrs. Vandaff visited the field of Argonne and there visited the field of Argonne.

John Littel is taking the role of the disappointed playwright which Sherman created. Kay Hammond and Mitchell Harris take the other leads. With such a splendid cast, "High Stakes" will be presented to the Los Angeles public with a company equal in every respect to Woods' original cast.
